Regis University Library
Mission Statement

The Regis University Library, in support of the University mission, are dedicated to serving the Regis community by providing a full range of library services and resources for academic research and personal enrichment.

These services and resources include:

- Core print and non-print materials that support all Regis academic programs and services.
  - Order, receive, process, and catalog materials efficiently and accurately following strict professional standards.
  - Maintain archives and special collections that support and enhance the Regis curriculum.
  - License online resources that are available to all students.
  - Continually develop the university's collection of non-print media necessary for teaching and engaging the audio-visual learning experience.
  - Select materials in collaboration with the faculty.

- Access to materials both within and beyond the Regis Library.
  - Maintain reciprocal borrowing and lending arrangements with partner libraries in Colorado and beyond.
  - Promote library resources and services to students and faculty across schools, degree programs, and geographic locations.
  - Create partnerships with public and academic libraries near Regis extended campuses.
  - Provide timely document delivery services.
  - Use techniques and technology of digital media creation for better accessibility to curriculum materials and preservation of historical content.

- Individual and group instruction in the skills needed to successfully navigate the world of information.
  - Provide library instruction at all campuses.
  - Provide library instruction through online modules.
  - Provide advice and assistance with the delivery of content used in audio and visual presentations.
  - Assist library users in accessing materials through local, regional, and international catalogs, as well as through online full-text resources.
  - Provide reference assistance in person, by phone, and by e-mail.
Create and deliver customized library instruction for classes and other groups.

- Support of the University's mission of service through outreach to the community.
  - Provide community users with general circulation services.
  - Provide access to government publications and local resources to the general public.

Adopted March 2004
