

**Meeting/Classroom Food and
Beverage Policy for the Regis
University Library**

To better serve the needs of our students and provide them with study space that is conducive to learning and research, the Regis University Library has instituted the following food and beverage policy for the three meeting/classrooms.

Fr. Woody Room (DML 417). Food and beverages are allowed and may be consumed in the room. Outside catering services are allowed and may be set up inside the room or immediately outside of the doorway.

Electronic classroom (DML 310). Only water may be consumed in the classroom. Water must be in closed containers.

Tracy Learning Center (DML 202). Food and beverages (including boxed lunches) are allowed and may be consumed in the room. Due to space constraints and proximity to student study spaces, catering is not permitted either inside the Tracy Learning Center or immediately outside of the doorway.

This policy becomes effective January 1, 2013

Thank you for your consideration.

Adopted October 2012
